

Oceanco Latest Superyacht Jubilee Delivered

The lead-up has been nail-biting, but she's finally here. Albllasserdam, Netherlands-based Oceanco, a world-class 80 to 140-meter superyacht builder, has released the long-awaited Jubilee. This vessel, defined as the largest yacht in the Oceanco line-up, is also the biggest ever manufactured in the Netherlands. As such, Jubilee has been the center of much excitement in the lead up to her release. Spanning over 110m or 361 ft with a distinctive Lobanov Design pearlescent gloss sky blue and white hull and a Sorgiovanni Designs interior, Jubilee is as generous as she is innovative.

Delivered in July of 2017, Jubilee is a masterpiece of architectural ingenuity with uniquely designed areas spread out over multiple levels. These decks facilitate various activates such as entertainment, helicopter operation and mooring. Also, this ocean-going superyacht houses a large pool deck, built-in aquarium, and a beach club, as well as a dining room and lounge bar, and a completely private owner's deck.

As strong as she is substantial, Jubilee's hull construction and superstructure consist of steel and aluminium, while the deck is teak. Primarily, this combination is durable and timeless, offering years of pleasurable cruising.

Offered as a turn-key package Jubilee comes completely outfitted. Also, the vessel accommodates up to 30 guests in 15 cabins with a crew of 45.

With prominent specifications, Jubilee comprises of a draft of 4.4m or 14.4 ft and 2x 4,828 hp engines with a range of 5,000 nm. The vessel's cruising speed is at 14 knots, with a maximum speed of 18.5 knots. Gross tonnage of the vessel is 4,523.

When asked about Jubilee, a spokesperson for Burgess Yachts, the luxury yacht agent who is selling the vessel said, "Burgess introduced this project to Oceanco, and we provided technical consultancy and project management as an owner's representative throughout the entire build process."
